

Shipping Assembly Technician

Sabetha, Kansas, USA

Full time

We make processes work to make life easier and better! That is our claim and the core of everything we do. More than 140 years of experience and a strong brand stand behind the name Schenck Process. As one of the world's leading companies in the field of applied measurement and process technology, we work every day to develop new innovative solutions and sustainable process technologies for a wide range of industries. Are you looking for complex tasks and exciting challenges in a highly international environment? Then you have come to the right place! Our open and collaborative corporate culture allows you to develop freely, contribute your individual strengths and grow together with us.

Diversity of backgrounds makes Schenck Process stronger and is essential to our culture and our operating as a world-class competitor. Therefore, we look forward to receiving your application regardless of race, color, religion, gender, sexual orientation, gender identity, national origin, age, disability, genetic information, marital status, or veteran status.

Your responsibilities

- Assemble equipment in accordance with the blueprint provided for each piece of equipment. Performs other related duties such as attaching decals; performing minor paint touchup; testing; installing plumbing, electrical controls, timing devices; and securing nuts and bolts, guards, belts, chains, and numerous other small parts for Schenck Process's complete product line.
- Packages assembled product securing, tagging, and attaching any loose hardware. Prepares packing lists and records on shipping log noting any shortages.
- Loads packaged equipment on trucks and contacts transportation carriers and customers to coordinate shipping.
- Constructs skids and crates for outbound shipping. Figures skid sizes for each piece of equipment and for the entire shipment (to determine how many can fit on a truck).

Your qualifications

- High school diploma or equivalent.
- Ability to perform basic mathematical calculations.
- Skill in reading blueprints and technical instructions.
- Skill in operating a forklift, pallet jack, air driven tools, electrical tools, and hand tools.

810 S. Old Hwy 75, Sabetha, KS 66534, United States of America

Salary Range- \$17+
