

# Position Description

Generic Unclassified PD - Last Updated 07/15

Read each heading carefully before proceeding. Make statements simple, brief, and complete. Be certain the form is signed. Send the original to KDOT Bureau of Personnel Services.

CHECK ONE:  NEW POSITION  EXISTING POSITION

Agency #  
**276**

**PART I - Position Information**

1. Agency Name KS Dept. of Transportation	9. Position Number /K0	10. Budget Program Number
2. Employee Name (leave blank if position vacant)	11. Present Civil Service Title/FLSA code (if existing position) <b>Equipment Operator UNCL / Non-Exempt</b> (Equipment Operator – working title)	
3. Division <b>Operations</b>	12. Proposed Civil Service Title	
4. Section <b>District</b>	<b>For use by Personnel Office</b>	
5. Unit <b>Area</b>	13. (a) Allocation	(b) FLSA code
6. Location (address where employee works) City: County:	14. Effective Date	
7. (Check appropriate items) Full time <input checked="" type="checkbox"/> Regular <input checked="" type="checkbox"/> 100% Part time Temp	15. By Approved	
	16. Audit Date: Date:	By: By:
8. Regular hours of work: FROM: 8:00 AM TO: 4:30 PM	17. Position Review Date: Date:	By: By:

Position #

**PART II -- Organizational Information**

18. (a) Briefly describe why this position exists. (What is the purpose, goal or mission of this position?) (b) **If this is a request to reallocate a position**, briefly describe the reorganization, reassignment of work, new function added by law or other factors which change the duties and responsibilities of the position.

Maintains highways and facilities through activities such as repairs, resurfacing, mowing, and snow and ice control.

19. Who is the supervisor of the position? (Who assigns work, conducts performance reviews, gives directions, answers questions and is directly in charge?)

Name	Civil Service Title	KDOT/SHARP Position Number
------	---------------------	----------------------------

20. a) How much latitude is allowed the employee in completing the work? b) What kinds of instructions, methods and guidelines are given to the employee in this position to help do the work? c) State how and in what detail work assignments are made.

- a) Minimal until they reach full performance.
- b) Verbal instruction and duty assignments.
- c) Work assignments and instructions are simple in nature from supervisor and supplemented with guidelines found in various manuals and directives.
- d) Check the statement which best describes the results of error in action or decision of the employee:
  - Minimal property damage, minor injury and/or minor disruption of the flow of work.
  - Moderate loss of time, injury, damage and/or adverse impact on health and welfare of others.
  - Major program failure, major property loss and/or serious injury.
  - Loss of life and/or disruption of operations of a major agency.

Give examples:

Loss of time generally would affect others on the crew. A mistake in signing could result in loss of property and be life threatening. Improper use of equipment results in down time and repair cost.

21. Describe the work of this position using this page or one additional page only. Use the following format for describing job duties:  
**What** is the action being done (use an action verb)? To **whom** or **what** is the action directed (object of action)? **Why** is the action being done (describe the expected result or outcome)? **\*How** is the action being done (describe the manner, methods, techniques or procedures by which the task is currently performed). For each task state: Who reviews it? How often? What is it reviewed for? Number each task, indicate percent of time and identify each function as essential or marginal by placing an E or M next to the % of time for each task. Essential Functions are the primary job duties for which the position was created (see 18a) and that an employee must be able to perform, with or without reasonable accommodation. A marginal function is a peripheral, incidental or minimal part of the position.

No. % E/M

This position is a member of a Subarea Crew, which normally maintains all KDOT facilities in an approximate one county area. Duties include operation of light and medium duty equipment regularly and heavy equipment occasionally as necessary. Duties include performing a variety of manual labor type tasks.

- |     |    |   |  |
|-----|----|---|--|
| 1.  | 20 | E | Operates miscellaneous maintenance equipment such as chain saws, weed eaters, pumps, compressors, jackhammers, generators, power tools, and uses various hand tools. |
| 2.  | 15 | E | Operates dump trucks, small and medium sized loaders, mowers, tractors, rollers, power brooms to perform various maintenance tasks.                                  |
| 3.  | 15 | E | Performs manual labor to setup and remove temporary traffic control for maintenance work zones and serves as a flagperson to route traffic around work crews         |
| 4.  | 10 | E | Performs manual labor associated with various maintenance activities.  |
| 5.  | 10 | E | Performs preventative maintenance and minor repair work on equipment.  |
| 6.  | 10 | E | Operates a loader, or truck-mounted plow and spreader in snow and ice control operations.  |
| 7.  | 5  | E | Mixes various materials for use in snow and ice operations including salt and sand mix and salt brine.   |
| 8.  | 5  | E | Operates trucks and trailers to transport equipment and materials.   |
| 9.  | 5  | E | Receives training on equipment operation and maintenance procedures through an on-the-job training program.  |
| 10. | 5  | M | Performs other miscellaneous assigned tasks.   |

During emergency situations, the EO is expected to report to duty within a reasonable time of proper notification and work for extended periods of time (12 hour shifts).

The work is reviewed by the Maintenance Supervisor and/or the EO Specialist. Generally work is reviewed for compliance with maintenance standards, procedures, safety requirements, and quality.

**Due to the nature of the work, incumbent may/will be required to work additional hours when needed, including nights and weekends. Additional hours will be assigned by the supervisor depending upon the needs of the agency.**

E **Must be capable of performing the essential physical functions detailed in Section 28.**

\* The description of how the work is to be performed does not preclude the consideration of reasonable accommodations for qualified persons with disabilities.

- 
22. a) If work involves leadership, supervisory, or management responsibilities, check the statement which best describes the position.
- Lead worker assigns, trains, schedules, oversees, or reviews work of others.
  - Plans, staffs, evaluates, and directs work of employees of a work unit.
  - Delegates authority to carry out work of a unit to subordinate supervisors or managers.
- b) List the titles and position numbers of all persons who are supervised directly by the employee on this position.
- | <b>Civil Service Title</b> | <b>DOT / SHARP Position Numbers</b> |
|----------------------------|-------------------------------------|
|----------------------------|-------------------------------------|

- 
23. For what purpose, with whom and how frequently are contacts made with the public, other employees or officials?
- Contacts are usually limited to other KDOT employees other than contact with the public when flagging traffic.

- 
24. What hazards, risks or discomforts exist in the job or work environment?
- Frequent exposure to extreme cold/heat/wet/humid conditions.
  - Exposure to mechanical parts such as but not limited to, muffler, exhaust pipes, and other radiant energy equipment.
  - Exposure to noise, vibrations, fumes, odors, gasses, dust, an/or poor ventilation.
  - Works in traffic.
  - Other: Exposure to noxious weeds, poison ivy, etc.

- 
25. List machines or equipment used regularly in the work of this position. Indicate the frequency with which they are used.

Dump truck, pickup, loader, tractor mower, - daily

Air compressors, rollers, porta-patchers, crack sealing machine, power hand tools, and other hand tools - occasionally

Snow and ice removal equipment - as needed seasonally

**For more specific information on equipment used regularly please see Section 28.**

**PART III -- Education, Experience and Physical Requirements**

**26. REQUIRED CLASS SKILLS** (see class specifications)

Minimum Requirements: Six months of experience in equipment operation and valid driver’s license at time of appointment. Education may be substituted for experience as determined relevant by the agency. Some positions may require attainment of a commercial driver’s license.

**27. SPECIAL REQUIREMENTS**

a) Indicate any license, registration, certification, etc. required for this position:

- Professional Civil Engineer License
- Engineer in Training Certificate
- Survey License
- CDL - Employee must attain a Commercial Drivers License with required endorsements or options within 90 days of hire, and maintain it, unless the time is extended by the District Engineer in accordance with SOM 2.1.9. **(This statement is for Equipment Operator positions.)**
- CDL - Employee must attain a Commercial Drivers License with required endorsements or options within 90 days of hire and maintain it unless the time is extended or the employee is exempted by the District Engineer, Bureau Chief, or Division Director in accordance with SOM 2.1.9. **(This statement is for CDL positions other than Equipment Operators.)**
- Other:

b) List preferred education or experience that may be used to screen applicants.

**28. ESSENTIAL PHYSICAL FUNCTIONS/DUTIES** – duties that are fundamental to the position based on the function and the results to be achieved, rather than the manner in which they are being performed. Duties that are directly related to the reason the position exists and cannot be reassigned without changing the nature of the position. **All job duty physical demands are essential physical functions of this position and the employee must be able to perform them.**

**Definition of Frequency:**

**Occasional = 1-33% (1 – 100 reps)**

**Frequent = 34-66% (101 – 500 reps)**

**Continuous = 67 – 100% (500+ reps)**

Job Duty	Job Duty Physical Demands/Comments – General Crew	Weight/Force	Frequency
Control Traffic (Flagging)	Stand – to slow, stop, direct traffic as needed	N/A	Continuous
	Walk – to move flagging location	N/A	Occasional
	Knuckle – Shoulder Lift – Lift objects, such as a sign, to 56” to/from vehicle	10 lbs	Occasional
	Floor – Shoulder Lift – to load/unload stacks of 5 traffic cones to/from dump truck 56” high	60 lbs	Occasional
	Grip w/ preferred hand – to hold and turn “slow/stop” sign	10 lbs	Continuous
	Grip w/ preferred hand – to hold and turn “slow/stop” sign in windy weather	30 lbs	Occasional
Fill Edge Ruts (via shovel)	Walk – outdoors, on uneven terrain; to fill in the edge ruts of the highways/exit ramps	N/A	Continuous
	Forward Bend Stand – to shovel gravel from dump truck (tilted to 50” high) to the ground	N/A	Continuous
	Forward Reach – to shovel gravel from the back of a dump truck; an arm’s length away	N/A	Continuous
	Shoulder – Floor Lift – lift full shovel of gravel from the back of a dump truck at 50” high to the ground	15 lbs	Continuous
	Carry – to carry the shovel	5 lbs	Continuous
Remove/replace Freeway Signs	Stand/Walk – outdoors, sometimes on uneven terrain; in all weather conditions	N/A	Continuous
	Forward Bend Stand – to disassemble/assemble freeway signs; to reach and guide the sign into position 20 ft. above the highway	N/A	Occasional
	Bilateral Hand Coordination – moderate demand; to apply clips: assemble/disassemble signs using hand tools such as ratcheting wrenches	N/A	Occasional
	Balance – high demand; to stand on narrow sign ledge over traffic (with safety harness attached) to erect sign	N/A	Occasional
	Bilateral Grip – to use wrench to tighten clips	30 lbs	Occasional
	Knuckle – Shoulder Lift – to place old sign or pieces of sign (13’ X 3’) onto the back of the flat bed roll-off truck at 56” high and remove new signs from truck	N/A	Occasional

Job Duty	Job Duty Physical Demands/Comments – General Crew	Weight/Force	Frequency
Remove/replace non-freeway signs	Stand/Walk – outdoors, sometimes on uneven terrain; in all weather conditions	N/A	Continuous
	Forward Bend Stand – to use shovel to widen/deepen/fill hole when required	N/A	Occasional
	Bilateral Hand Coordination – moderate demand; assemble/disassemble sign onto post using hand tools such as ratcheting socket drive	N/A	Occasional
	Floor – Shoulder Lift – to load post (4” X 4” X 14’) to/from back of dump truck 56” high	35 lbs	Occasional
	Floor – Shoulder Lift – to load post (4” X 6” X 16’) to/from back of dump truck 56” high	75 lbs	Occasional
	Floor – Shoulder Lift – to load bags of quikrete to/from dump truck 56” high	80 lbs	Occasional
Repair Guardrails	Stand/Walk – outdoors; sometimes on uneven terrain; in all weather conditions	N/A	Continuous
	Forward Bend Stand – to remove and replace damaged guardrails	N/A	Occasional
	Bilateral Hand Coordination – moderate demand; to assemble/disassemble damaged guardrails using ratchet wrench	N/A	Occasional
	Floor-Knuckle Lift – 2 person lift of 185 lbs to place/remove a 25 ft. guardrail to from 39” high trailer bed	93 lbs	Occasional
	Floor – Knuckle Lift – to place/remove 72” long guardrail post and/or 72” long metal sleeve from trailer bed 39” high	65 lbs	Occasional
Remove Debris from Roadway	Walk – outdoors; sometimes on uneven terrain; in all weather conditions	N/A	Continuous
	Floor – Shoulder Lift – to load debris (such as tire tread, tree limbs & other items) into back of dump truck 56” high	50 lbs	Occasional
	Floor – Shoulder Lift – to load larger debris (such as tree limbs, dead animals & other items) into back of dump truck 56” high	100 lbs	Occasional
Cut Brush	Stand/Walk – outdoors; on uneven terrain; in all weather conditions	N/A	Continuous
	Forward Reach – to cut brush, logs, limbs, etc. and feed into chipper	N/A	Frequent
	Floor – Shoulder Lift – to use chain saw or limb saw; to cut brush, limbs, etc.; to load/unload saws from dump truck	16 lbs	Frequent
	Shoulder – Overhead Lift – to use chain saw or limb saw; to cut brush, limbs, etc.	16 lbs	Occasional
	Floor – Shoulder Lift – to load cut brush, limbs, etc. into the back of a dump truck 56” high; tilt dump truck to send brush into the chipper	30 lbs	Occasional
Remove Snow & Ice from Roadway	Sit – to plow roadways sitting in vehicle	N/A	Continuous
	Floor – Shoulder Lift – to hook plow to stinger connection at 54” high	40 lbs	Occasional
	Vertical Push/Pull – using a cheater bar to tighten down the salt hopper in the back of the dump truck at 54” high	60 lbs	Occasional
	Floor – Shoulder Lift – to load a (48” X 8”) snow plow blade in/out of the back of a dump truck at 56” high to replace a blade	90 lbs	Occasional
	Carry – to bring blade to/from the truck to the plow approximately 50 feet	90 lbs	Occasional
Route & Seal Cracks	Walk – outdoors; sometimes on uneven terrain; in all weather conditions; to guide the router, to heat & lance the cracks	N/A	Continuous
	Vertical Pull (upward) – to use/guide the pavement router using the handle at 36” high	50 lbs	Frequent
	Pull – to use the pavement router uphill; to load on/off trailer at 36” high	70 lbs	Occasional
	Floor – Shoulder Lift – to load box of sealant into the hopper (6-7 per day); to load bucket of glennzoil sealant into the back of the dump truck (4 per day) at 56” high	40 lbs	Occasional
	Carry – to carry gun/hose with 2 handles 22” apart; to spray sealant into cracks	15 lbs	Continuous
	Carry (one-handed) – to carry 3 gallon container (approx ¾ full) of glennzoil sealant; to spray sealant	20 lbs	Continuous
Edge/Patch Loose Asphalt & Spread Oil Track	Walk – outdoors, on uneven terrain; to fill in areas loose asphalt	N/A	Continuous
	Forward Bend Stand – to shovel the loose asphalt from the dump truck (tilted to 50” high)	N/A	Continuous
	Forward Reach – to shovel/rake asphalt from the back of the dump truck onto surface an arm’s length away	N/A	Continuous
	Shoulder – Floor Lift – full shovel of asphalt; from the back of the dump truck at 50” high to ground	15 lbs	Continuous
	Carry – to carry the shovel or rake	5 lbs	Continuous
	Floor – Shoulder Lift – to load bucket of glennzoil sealant into the back of the dump truck at 56” high	40 lbs	Occasional
	Carry – to carry 3 gallon container (approx ¾ full) of glennzoil sealant; to spray sealant tack	20 lbs	Continuous
Operate a Dump Truck	Sit – to drive the vehicle	N/A	Occasional
	Climb Step – 3 steps; 20”, 18”, & 10” with a grab bar 58” high, to climb in/out of cab of vehicle	N/A	Occasional
	Vertical Ladder Climb – 5 steps; 12” each with grab bar @ 76” high	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & hand controls	N/A	Occasional
	Other – operate foot controls	N/A	Occasional

Job Duty	Job Duty Physical Demands/Comments – General Crew	Weight/ Force	Frequency
Operate a Flat Bed Roll-off Truck	Sit – to drive the vehicle	N/A	Occasional
	Climb Step – 17”, 17” & 14” with a grab bar 71-85” high; to climb in/out of the cab of vehicle	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & hand controls	N/A	Occasional
	Other – operate foot controls	N/A	Occasional
Operate a Boom Truck	Sit – to drive the vehicle	N/A	Occasional
	Climb Step – 3 steps; 18”, 14” & 12” with grab bar starting @ 60” high; to climb in/out of cab of vehicle	N/A	Occasional
	Climb Step – 2 steps; 22” & 12”; to access stationary controls for boom on the back of the truck	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & hand controls	N/A	Occasional
Operate a Grader	Sit – to drive the grader	N/A	Continuous
	Rotational Sit – to view surrounding area while driving the grader	N/A	Occasional
	Vertical Ladder Climb – 4 steps; 24”, 12”, 12” & 10” high with grab bar available at 54” high; to climb in/out of cab of the grader	N/A	Occasional
	Bilateral Hand Control – low-moderate demand; to use the steering wheel & right/left hand controls (4 on each side)	N/A	Continuous
	Other – operate foot controls	N/A	Continuous
Operate a Tractor (For Mowing)	Sit – to drive the vehicle	N/A	Continuous
	Rotational Sit – to view the surrounding area while driving the tractor	N/A	Frequent
	Climb Step – 3 steps; 23”, 9”, & 12” high with a grab bar starting at 52” high; to climb in/out approximately 8-10 times daily	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & right hand controls	N/A	Continuous
	Other – operate foot controls	N/A	Continuous
Operate the Bobcat	Sit – to operate the bobcat	N/A	Occasional
	Step Climb – 2 steps, 17” & 12” high, to climb into and out of the bobcat with a grab bar available at 60” high	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; using hand controls requiring < 5 lbs push/pull force	< 5 lbs	Occasional
	Other – operate foot pedals	N/A	Occasional
Operate a Small Asphalt Roller	Sit – to drive the vehicle	N/A	Occasional
	Rotational Sit – to view surrounding area while driving the roller	N/A	Occasional
	Climb Step – 2 steps; 19” & 14” high; to climb on/off roller	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & bilateral hand controls	N/A	Occasional
Operate an Asphalt Machine	Sit/Rotational Sit – on vehicle; to drive the paver from seats on either side	N/A	Continuous
	Walk – to switch from one seat to the other when changing directions/side of the road	N/A	Occasional
	Step Climb – 5 steps; heights = 8”, 16”, 13”, 14”, & 12”; the last step requires a 25” deep forward step to get onto the platform	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to operate machinery via hand controls; to turn crank for pavement adjustments	N/A	Continuous
	Stand – on the back of the paving machine; to turn the crank and adjust the pavement thickness	N/A	Continuous
Forward Bend Stand – to monitor for pavement adjustments needed	N/A	Frequent	
Operate a Broom Truck	Sit – to drive the vehicle	N/A	Frequent
	Rotational Sit – to view surrounding area while driving the vehicle	N/A	Occasional
	Climb Step – 3 steps; 17”, 10”, & 12” high with a grab bar at 65” high (positioned directly in front of the person, not on the side); to climb in/out approximately 1-2 times daily	N/A	Occasional
	Bilateral Hand Coordination – low-moderate demand; to use the steering wheel & right hand controls	N/A	Occasional
Other – operate foot controls	N/A	Occasional
